#### **FROM THE PRESIDENT'S DESK**

Happy Fall, everyone!

I'm excited to share that my experience as President of CAPT has been truly remarkable! This past year, our organization has grown tremendously, thanks to the strength, knowledge, and collaboration we've built together. It has been inspiring to see how we support one another in our mission to promote professionalism and education.

We have achieved some fantastic milestones this year! To highlight a few, we hosted four full-day training sessions, implemented online payments, transitioned to a paperless system, launched a new website, and made a splash on social media. These accomplishments would not have been possible without your enthusiasm and dedication to our industry.

Let's continue to engage, share our knowledge, and mentor one another! Our successes reflect the strength of our amazing members, and I am proud to be part of such a dedicated group of professionals.

Audra Gerber  
CAPT President

# UPCOMING CAPT TRAINING OPPORTUNITIES

## JOIN US FOR OUR NEXT TRAINING

**November 6, 2025: City of Greenwood Village**

**Topic:** Conveyance Systems: Elevators – Design, Safety & Maintenance

You don't want to miss this class, folks! Join us for CAPT's Annual Business Meeting and our first ever Conveyance class. Our incredible instructors include representatives from Professional Elevator Inspections and the State of Colorado's Conveyance Program. Information on registration is available on the next page.

*Upon completion of this course, you will earn .6 CEU's.*

Meeting agenda

# MEETING RECAP: JULY 2025

## HISTORIC RESTORATION & COMMUNITY PRESERVATION

A heartfelt thank-you to everyone who attended our July 2025 CAPT Meeting in Black Hawk! We truly appreciated your presence and participation, especially those who joined us for the Mix & Mingle networking event the evening before the training.

We'd also like to extend a special thanks to our outstanding instructors, Emily Richards and Daniel Gilbert. Their expertise and insights into historic restoration and community preservation brought exceptional value to the session!

### CAPT'S NEWEST HONORARY MEMBER

During our July meeting, the CAPT Board was pleased to honor Cynthia Linker as our newest honorary CAPT member. Throughout our organization's history, CAPT has reserved the title of Honorary Member for only the most exceptional contributors. It's a designation we've awarded only three times – an extraordinary, rare honor that reflects the profound impact these individuals have had on our mission, our values, and our community. Cindy Linker has been a vital part of CAPT since 2000—just one year after its inception. Over the years, she has held numerous leadership roles, including Board Member and Vice President, before being elected President in 2004. Cindy, your legacy will continue to inspire permit technicians, leaders, and colleagues for years to come.

**Thank you, Cindy, for 25 years of service and mentorship!**

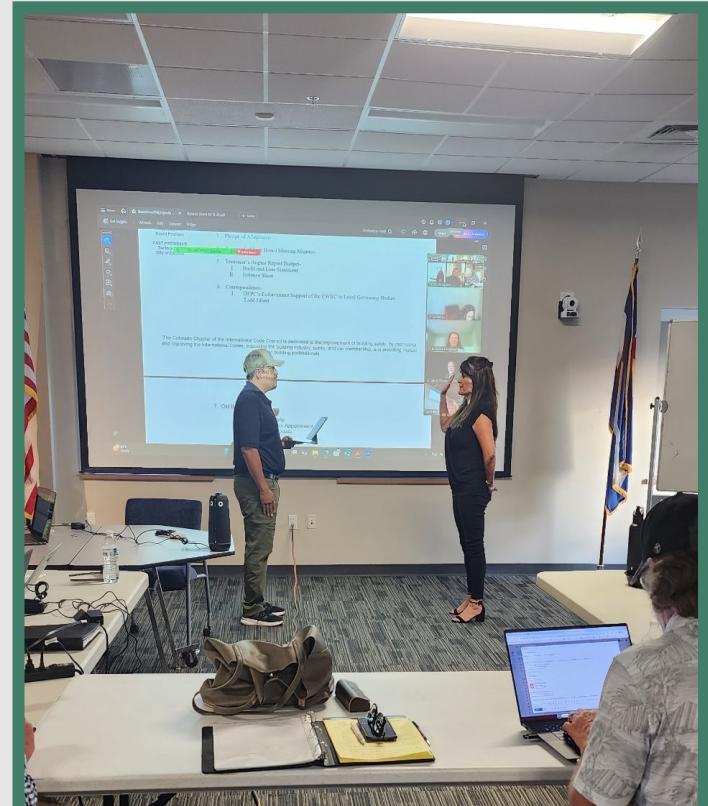

# STRENGTHENING PARTNERSHIPS

## OUR CONTINUED EFFORTS TO STRENGTHEN INDUSTRY PARTNERSHIPS

CAPT is proud to continue building strong partnerships across our industry! We value our ongoing collaborations with the Colorado Chapter of ICC, the Fire Marshals Association of Colorado, Shums Coda Associates, and many other outstanding organizations. These partnerships allow us to expand our training opportunities, share valuable resources, and stay connected on emerging developments within the permitting and code community.

A special congratulations to CAPT's own Melinda Helmer on her appointment to the Colorado Chapter Board of Directors this August! Melinda has dedicated many years of service to CAPT, contributing her expertise, leadership, and enthusiasm to our mission. Her appointment not only recognizes her personal commitment to the profession, but also strengthens CAPT's connection and visibility within the broader Colorado Chapter network. We're incredibly proud to see her leadership recognized and are thrilled to see where this journey takes her!

# ADDITIONAL TRAINING OPPORTUNITIES

## CHECK OUT THE RESOURCES BELOW!

### ICC

ICC's annual conference, expo, and committee action hearings are right around the corner! This year's annual conference is ongoing in Cleveland, Ohio from October 19-30.

Visit the ICC website for more information:

**CLICK HERE TO REGISTER FOR ONE OR BOTH**

SHUMS CODA ASSOCIATES Group 14 BUILD Tank, Inc.

# PERMIT TECH SPOTLIGHT

## BOARD MEMBER EDITION!

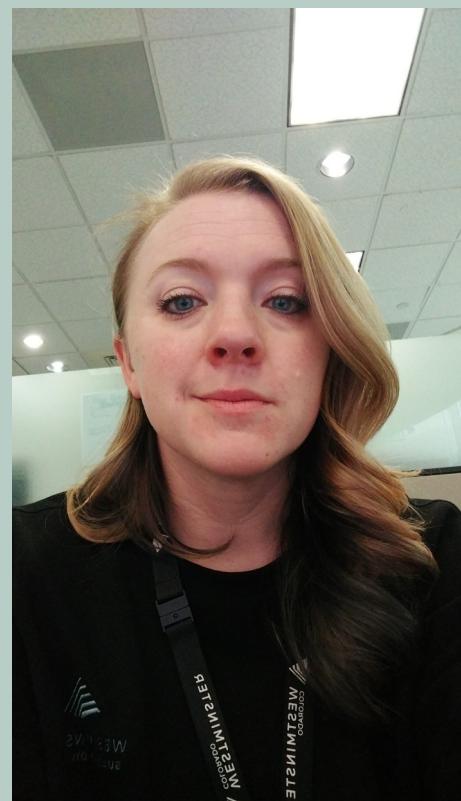

### *CAPT Director Lyndsay Brendsel: Bringing Fresh Ideas to the CAPT Board*

Lyndsay has been with the City of Westminster for 14 years. She started in the Library, then moved to the Building Division as a permit technician in February 2022. Most recently, she was promoted to Residential Plans Examiner, where she works on new residential submittals & residential plan review, in addition to business licensing reviews for new & renewing businesses in the community.

This October marks Lyndsay's one-year anniversary on the CAPT board. With a background in information science, Lyndsay has been excited to work on improving CAPT's website. She's been instrumental in updating our online presence and her dedication to improving our processes has been hugely valuable for CAPT! Lyndsay's goal is to make the website a resource for all the permit techs out there, especially those just getting started in this field.

Outside of being a mom to a preteen kiddo, Lyndsay enjoys reading & crocheting in her free time. She loves talking books, especially kids' books. When she worked in the library, she created monthly recommendation lists and personalized recommendation lists. She's still happy to give some suggestions to anyone interested. Or even better, she'd love to hear what others are excited about reading!

*Would you like to appear in the next Permit Tech Spotlight? Do you have a colleague who deserves a shout-out? If you or someone you know has passed a test or celebrated a milestone in career or personal life, please contact any board member with specifics!*
